DISCLAIMER

1. GENERAL DISCLAIMER

Our Commitment to Accurate, Responsible & Transparent AI Education

Welcome to **AINEEDS.IN**.

AINEEDS.IN is an India-focused Artificial Intelligence education initiative dedicated to promoting AI literacy through educational publications, training facilitation, interactive workshops, and customized institutional programmes.

The information, educational resources, publications, programme descriptions, and other materials available through this website are provided primarily for educational, informational, and general awareness purposes.

We make reasonable efforts to ensure that our content is accurate, relevant, understandable, and useful. However, Artificial Intelligence is a rapidly evolving field, and technical information, research findings, software capabilities, and industry practices may change over time.

Accordingly, AINEEDS.IN does not represent that all website content will always be complete, current, error-free, or suitable for every individual or institutional requirement.

Users are encouraged to exercise independent judgment and verify important information through appropriate sources.

Our Educational Principle: Understand AI. Question AI. Verify AI. Use AI Responsibly.

2. EDUCATIONAL INFORMATION DISCLAIMER

All educational content published or distributed by AINEEDS.IN is intended to support learning, technical awareness, vocabulary development, conceptual understanding, and professional knowledge.

Our educational materials may include explanations, examples, illustrations, exercises, demonstrations, case studies, and practical learning activities.

Certain concepts may be simplified to make them accessible to beginners or younger learners.

Such simplifications are intended to support understanding and should not necessarily be interpreted as complete technical explanations.

Users seeking advanced technical, academic, scientific, or professional information should consult appropriate primary sources, research publications, technical documentation, and qualified specialists.

AINEEDS.IN does not guarantee that every educational resource will be suitable for every curriculum, examination, institution, or professional requirement.

3. ARTIFICIAL INTELLIGENCE ACCURACY DISCLAIMER

AI Systems Can Produce Incorrect or Misleading Information

Artificial Intelligence systems, including generative AI applications, may produce information that is inaccurate, incomplete, outdated, biased, or misleading.

AI-generated outputs may also contain fabricated facts, references, citations, or explanations, commonly described as AI hallucinations.

Users should not assume that information generated by an AI system is accurate merely because it is presented confidently or fluently.

AINEEDS.IN encourages learners to:

- Verify important AI-generated information.
- Compare outputs with reliable sources.
- Understand the limitations of AI systems.
- Protect personal and confidential information.
- Exercise independent judgment.
- Use AI technologies ethically and responsibly.

Any AI demonstrations, examples, or outputs included in our educational materials are intended to illustrate concepts and should be interpreted within their stated learning context.

Important: AI-generated information should be evaluated, not automatically accepted.

4. AI BOOKS & EDUCATIONAL PUBLICATIONS DISCLAIMER

AINEEDS.IN develops, publishes, promotes, or distributes educational books and reference materials relating to Artificial Intelligence and associated technologies.

These publications are intended to support AI vocabulary development, conceptual understanding, technical communication, and general educational awareness.

4.1 Accuracy of Terminology

We make reasonable efforts to present relevant terminology and explanations accurately.

However, terminology may evolve, and certain technical expressions may have different meanings depending on their academic, scientific, or industry context.

4.2 Scope of Publications

A book's stated number of terms, topics, or entries describes its intended content scope and does not establish that it includes every term used in Artificial Intelligence.

4.3 Educational Reference

Our books are supplementary educational resources unless expressly recognized or adopted by a particular institution or authorized body.

They should not automatically be considered official textbooks, government-approved curriculum materials, or accredited academic resources.

4.4 Publication Updates

New research, technologies, and terminology may emerge after publication.

Future editions may contain corrections, revisions, or additional content.

4.5 Bibliographic and Marketing Claims

Publication-related statements concerning originality, comparative scale, market position, or historical precedence should be interpreted according to the supporting evidence available.

Any claim that a publication is the first of its kind should not be understood as independently certified unless such verification is expressly provided.

4.6 Book Covers and Illustrations

Images, illustrations, and cover previews displayed on the website may be representative. Minor differences may occur between promotional images and the final printed product.

5. AI TRAINING SERVICES DISCLAIMER

Trainer Facilitation & Educational Programme Coordination

AINEEDS.IN aims to connect schools, colleges, universities, institutions, and organizations with suitable AI trainers and subject specialists.

Depending on the engagement, AINEEDS.IN may act as a programme facilitator, coordinator, intermediary, or contracting service provider.

The exact contractual responsibilities of AINEEDS.IN, the trainer, and the participating institution will be determined by the applicable written agreement.

5.1 Trainer Qualifications

We aim to review relevant professional qualifications, experience, certifications, and expertise when considering trainers for institutional programmes.

However, the possession of a professional qualification or certification does not independently guarantee teaching effectiveness, participant satisfaction, or particular educational outcomes.

5.2 Trainer Availability

The availability of specific trainers, qualifications, subject expertise, and programme dates is not guaranteed unless confirmed through an agreed arrangement.

5.3 Trainer Performance

Learning experiences may vary depending on the trainer, participant group, programme content, institutional infrastructure, and other relevant circumstances.

AINEEDS.IN will remain responsible for obligations it expressly undertakes under an applicable agreement and for responsibilities imposed by law.

5.4 Training Outcomes

Participation in an AI training programme does not automatically guarantee examination success, employment, certification, promotion, or any particular professional result.

Our Objective Is to Facilitate Meaningful Learning, Not Promise Outcomes Beyond Our Control.

6. PROFESSIONAL CERTIFICATION & THIRD-PARTY AFFILIATION DISCLAIMER

AINEEDS.IN may facilitate access to professionals holding qualifications or certifications issued by recognized educational institutions, technology companies, or professional bodies.

These may include relevant Google or Microsoft certifications, ISB educational qualifications, or other professional credentials.

References to such qualifications are intended solely to describe relevant credentials that a trainer may possess.

AINEEDS.IN is not affiliated with, sponsored by, endorsed by, or officially partnered with Google, Microsoft, ISB, or any other third-party institution merely because a trainer holds a credential issued by that organization.

All third-party names, trademarks, logos, and certification titles remain the property of their respective owners.

Any formal partnership or institutional affiliation will be identified only where it has been appropriately authorized.

7. ONE-WEEK TRAINING EVALUATION DISCLAIMER

AINEEDS.IN may offer a structured one-week training evaluation arrangement for eligible institutional engagements.

The purpose is to allow participating institutions to assess a proposed trainer's suitability, teaching methods, technical expertise, communication skills, and participant engagement before considering a longer-term arrangement.

This programme is subject to:

- Institutional eligibility
- Trainer availability
- Agreed learning objectives
- Programme scope
- Scheduling arrangements
- Commercial terms
- Written confirmation

The one-week evaluation programme is not automatically free.

Completion of an evaluation does not obligate an institution to enter into a longer-term engagement.

Likewise, it does not guarantee that a trainer or AINEEDS.IN will accept a subsequent engagement.

The evaluation arrangement does not constitute a guarantee of particular academic or professional outcomes.

8. AI WORKSHOPS & PRACTICAL DEMONSTRATIONS DISCLAIMER

AINEEDS.IN may organize or facilitate AI workshops, educational demonstrations, interactive learning activities, and practical training sessions.

Workshop activities are designed to encourage participation, technical awareness, conceptual understanding, and responsible experimentation.

Certain demonstrations may depend on external software, internet connectivity, third-party AI platforms, hardware, or other technical resources.

The functionality, availability, pricing, and output of external AI systems may change without notice.

AINEEDS.IN does not guarantee uninterrupted access to third-party platforms or identical results from repeated AI demonstrations.

Participants should follow the instructions of the facilitator and applicable institutional policies.

Where programmes involve children, appropriate supervision and safeguarding arrangements must be established.

9. INSTITUTIONAL PROGRAMMES DISCLAIMER

AINEEDS.IN aims to support institutions through customized AI education initiatives.

Programme content, duration, trainer requirements, delivery methods, commercial arrangements, and expected deliverables will vary according to institutional needs.

General programme descriptions published on the website do not constitute binding commitments to deliver particular services.

Specific obligations arise through confirmed bookings, accepted proposals, or applicable written agreements.

Institutions should review programme details carefully before making commitments.

No statement on this website should be interpreted as a guarantee of institutional accreditation, government recognition, curriculum approval, or specific educational outcomes unless expressly supported by appropriate authorization.

10. CAREER, EMPLOYMENT & PROFESSIONAL DEVELOPMENT DISCLAIMER

Our educational resources and programmes may discuss AI careers, professional skills, employment trends, emerging technologies, and industry opportunities.

Such information is provided for educational and general awareness purposes.

AINEEDS.IN does not guarantee:

- Employment or job placement
- Admission to educational institutions
- Professional promotions
- Specific salary packages
- Business success
- Industry certification
- Government employment
- International study or employment opportunities

Career-related information may change according to industry conditions, employer requirements, qualifications, and individual circumstances.

Users should independently verify relevant employment and educational requirements.

11. THIRD-PARTY AI TOOLS & SOFTWARE DISCLAIMER

AINEEDS.IN may refer to, demonstrate, or discuss third-party AI tools, software platforms, applications, APIs, and digital services.

These tools are owned and operated by their respective providers.

AINEEDS.IN does not control their:

- Availability
- Pricing

- Technical performance
- Privacy practices
- Data-processing arrangements
- Licensing conditions
- Security measures
- Product updates
- Terms of service

Users should review the applicable third-party terms, privacy policies, and usage requirements before accessing these services.

Reference to a third-party tool does not automatically constitute an endorsement or commercial partnership.

12. DATA PRIVACY & CONFIDENTIALITY DISCLAIMER

Users should avoid submitting unnecessary personal, financial, medical, or confidential information through general website enquiry forms or public-facing AI tools.

AINEEDS.IN aims to process personal information in accordance with its Privacy Policy and applicable law.

Where educational activities involve institutional records, student information, trainer profiles, or other confidential materials, additional authorization and data-protection arrangements may be required.

Users should consult our Privacy Policy for further information about the collection, use, disclosure, retention, and protection of personal information.

Privacy Policy: https://aineeds.in/privacy-policy

13. INTELLECTUAL PROPERTY DISCLAIMER

Unless otherwise indicated, original educational publications, written materials, graphics, branding elements, and other proprietary content owned by AINEEDS.IN or its respective rights holders are protected under applicable intellectual property laws.

No content may be reproduced, distributed, commercially exploited, or represented as another person's original work without appropriate authorization, except as permitted by law or the applicable licence.

References to third-party products, publications, organizations, or trademarks do not imply ownership or endorsement.

Users should obtain appropriate permissions before reproducing protected educational materials.

14. EXTERNAL LINKS DISCLAIMER

Our website may include links to external websites, research publications, professional certification bodies, educational institutions, or technology platforms.

These links are provided for convenience and informational purposes.

AINEEDS.IN does not control the content, security, availability, or privacy practices of external websites.

We do not guarantee that third-party information will remain accurate, current, or accessible.

Users access external websites subject to the terms and conditions of the relevant providers.

15. WEBSITE AVAILABILITY & TECHNICAL DISCLAIMER

We aim to maintain a functional and accessible website.

However, website access may occasionally be interrupted by maintenance, technical faults, connectivity problems, hosting issues, cybersecurity incidents, or other circumstances.

AINEEDS.IN does not guarantee uninterrupted website availability.

We may update website features, educational content, programme descriptions, or service information as required.

Where an interruption affects an existing paid obligation, the applicable agreement and legal requirements will govern the available remedies.

16. NO PROFESSIONAL ADVICE DISCLAIMER

Information available through AINEEDS.IN is primarily educational.

Unless a separately qualified and authorized professional is expressly engaged to provide a regulated service, website content should not be treated as individualized:

- Legal advice
- Medical advice
- Financial advice
- Investment advice
- Tax advice
- Psychological or clinical advice
- Other regulated professional advice

Users should consult appropriately qualified professionals before making decisions requiring specialized professional judgment.

17. LIMITATION OF LIABILITY

To the extent permitted by applicable law, AINEEDS.IN does not accept responsibility for losses arising solely from unauthorized website use, independent misuse of educational information, or circumstances beyond its reasonable control.

The extent of AINEEDS.IN's responsibility for paid products, training engagements, workshops, or institutional programmes will depend on the applicable agreement and legal requirements.

Nothing in this Disclaimer excludes liability that cannot lawfully be excluded or limits statutory consumer rights.

18. CHANGES TO EDUCATIONAL CONTENT

Artificial Intelligence is a rapidly evolving discipline.

AINEEDS.IN may periodically revise educational explanations, terminology, examples, publication descriptions, training information, and workshop content.

We do not guarantee that every publication or website page will be immediately updated following each technological development.

Readers and learners are encouraged to consult current authoritative sources where up-to-date technical information is essential.

19. USER RESPONSIBILITY

Users are responsible for exercising reasonable judgment when applying information obtained through our website, publications, or educational programmes.

We encourage users to:

- Verify important information.
- Respect intellectual property rights.
- Follow applicable laws and institutional policies.
- Protect confidential and personal information.
- Use AI tools responsibly.
- Avoid presenting AI-generated information as verified fact without appropriate checking.
- Seek qualified advice where necessary.

Educational understanding is strengthened through curiosity, verification, and responsible practice.

20. GOVERNING LAW

This Disclaimer is governed by the applicable laws of India.

Any dispute arising in connection with the website or services will be considered according to the relevant agreements and applicable legal requirements.

Nothing in this Disclaimer restricts rights or remedies that users may exercise under applicable law.

21. CONTACT US

Questions or Clarifications?

22. OUR EDUCATIONAL COMMITMENT

Responsible AI Education Begins with Understanding

At AINEEDS.IN, we believe that meaningful AI literacy requires more than the ability to operate Artificial Intelligence tools.

It requires understanding technical concepts, recognizing limitations, asking informed questions, verifying information, and applying technology responsibly.

Our books, training initiatives, workshops, and institutional programmes are intended to encourage these capabilities.

As Artificial Intelligence continues to evolve, we remain committed to supporting educational awareness, technical understanding, and responsible learning.

Understand AI. Question AI. Verify AI. Use AI Responsibly.

AINEEDS.IN

Empowering India's Future Through AI Literacy.

AI BOOKS | AI TRAINING | AI WORKSHOPS | INSTITUTIONAL PROGRAMMES

Read AI. Understand AI. Speak AI. Experience AI. Apply AI.
