8. AI TRAINING SERVICES

Connecting Institutions with Suitable AI Expertise

AINEEDS.IN aims to facilitate AI training programmes based on the educational requirements of participating institutions.

Training may be delivered through appropriately selected trainers, educators, consultants, or subject specialists.

8.1 Training Requirements

Institutions should provide accurate information about:

- Learning objectives
- Participant profile
- Technical proficiency
- Preferred topics
- Expected participant numbers
- Delivery location
- Infrastructure availability
- Preferred dates
- Required trainer qualifications
- Programme duration

8.2 Trainer Selection

AINEEDS.IN may identify potential trainers based on qualifications, professional experience, technical expertise, availability, and suitability for the proposed programme.

Trainer selection is subject to mutually agreed criteria.

8.3 Professional Certifications

Institutions may request professionals with relevant Google or Microsoft certifications, ISB educational qualifications, or other recognized credentials.

Such requests are subject to verification, relevance, availability, and contractual agreement.

Possession of a professional credential does not automatically establish teaching competence or guarantee programme outcomes.

AINEEDS.IN does not claim official affiliation with, sponsorship by, or endorsement from Google, Microsoft, ISB, or any other credential-issuing organization unless expressly stated and independently authorized.

8.4 Trainer Substitution

Where a trainer becomes unavailable, AINEEDS.IN may propose a suitably qualified alternative.

Any substitution will be handled according to the applicable Programme Agreement, including any approval rights granted to the institution.

8.5 Training Outcomes

We aim to facilitate relevant and effective educational experiences.

However, learning outcomes depend on factors including participant preparation, attendance, engagement, prior knowledge, available infrastructure, and programme duration.

Unless expressly agreed in writing, we do not guarantee specific examination results, employment opportunities, certifications, academic grades, or professional outcomes.

9. ONE-WEEK TRAINING EVALUATION PROGRAMME

Experience the Programme Before a Longer-Term Commitment

For eligible extended training engagements, AINEEDS.IN may offer a structured one-week evaluation programme.

The purpose is to allow an institution to assess the suitability of the proposed trainer, learning approach, instructional quality, and programme structure.

9.1 Eligibility

The evaluation programme is not automatically included with every training enquiry.

Availability and eligibility depend on the proposed engagement and agreed arrangements.

9.2 Evaluation Scope

The evaluation proposal may define:

- Evaluation objectives
- Trainer details
- Programme topics
- Duration and daily schedule
- Number of sessions
- Delivery method
- Participant numbers
- Assessment criteria
- Feedback procedures
- Commercial terms

9.3 Evaluation Fees

The evaluation period is not presumed to be free.

Any applicable fees, deposits, expenses, or credits towards a subsequent engagement will be agreed in writing before commencement.

9.4 Institutional Decision

Completion of an evaluation programme does not obligate the institution to enter into a longer-term training agreement.

Similarly, it does not obligate AINEEDS.IN or a trainer to accept a subsequent engagement unless separately agreed.

9.5 Evaluation Feedback

The institution may provide structured feedback concerning instructional quality, participant engagement, and programme suitability.

Any continuation, revision, or extended engagement will require mutual agreement.

Our Principle: Quality Should Be Experienced, Evaluated, and Agreed Upon.

10. AI WORKSHOPS AND EDUCATIONAL EVENTS

AINEEDS.IN may organize or facilitate AI workshops, seminars, demonstrations, educational activities, and related events.

10.1 Registration

Participants or institutions may be required to submit relevant registration information.

10.2 Workshop Schedules

Workshop dates, timings, duration, format, location, and learning objectives will be communicated before confirmation.

10.3 Changes or Rescheduling

Reasonable changes may become necessary due to trainer availability, technical issues, insufficient registrations, venue restrictions, or circumstances beyond reasonable control.

Where a material change occurs, we will communicate available alternatives or applicable refund options.

10.4 Participant Conduct

Participants are expected to maintain respectful behaviour, follow reasonable safety instructions, and avoid disrupting educational activities.

10.5 Workshop Materials

Materials provided during workshops are intended for authorized educational use.

Their reproduction, distribution, recording, or commercial use may be restricted under the applicable licence or programme agreement.

10.6 Participation Certificates

Certificates may be issued for selected programmes where expressly offered.

The issuer, eligibility conditions, assessment requirements, and nature of the certificate will be stated in the relevant programme information.

A participation certificate does not automatically represent an accredited qualification or endorsement by an external certification body.

Submission of a trainer application does not guarantee selection, employment, assignments, income, or future opportunities.

12.4 Professional Status

A trainer's legal relationship with AINEEDS.IN will depend on the applicable written agreement and the actual circumstances of the engagement.
